Canada Newswire 2010-11-10

Province releases Crown land to meet growing demand for industrial development FORT MCMURRAY, AB, Nov. 10 /CNW/ - In response to pent-up demand for industrial land in Fort McMurray, the Government of Alberta has released 980.51 acres of contiguous Crown land for sale. The release is one of the largest ever for Fort McMurray-area land not designated for oil sands exploration and production. Located in the Regional Municipality of Wood Buffalo, the parcel is situated approximately five kilometres south of Fort McMurray in an area known as "Southlands," adjacent to the east...
