Independent guide. This guide is published by The Kawaguchi Group, eXp Realty, and is not affiliated with, endorsed by, or produced by the Department of Defense, any military service, the VA, or any State of Hawaii or City & County of Honolulu agency. It is general information, not legal, tax, lending or entitlement advice. Your official orders, finance, transportation and housing offices, and the agencies linked here always prevail.

How to Use This Guide

This guide is a planning companion for service members, civilians and families with orders to Oahu. It organizes the questions, documents and decisions that usually come up between receiving orders and settling into a home, and it points to the official sources that actually govern each step.

> **Your official orders and the offices that issue and administer them always prevail.** Entitlements such as TLA, TLE, BAH, OHA, COLA, dislocation allowance, shipment weight allowances and POV shipment depend on your service, status, grade, dependents, orders and current regulations. Nothing here is a promise that you qualify for any allowance or program. Confirm every entitlement with your finance office, transportation office (TO / PPPO / TMO) and installation housing office.

What is inside

- A planning timeline (90 / 60 / 30 days, travel week, first 7 and 30 days on island)
- Orders, dependents, sponsorship and entitlement questions to confirm
- Temporary lodging and housing options: on-base / privatized, renting off base, buying
- VA loan and financing considerations for Hawaii, including leasehold and condo approval
- Installation overview and commute caveats
- Household goods, unaccompanied baggage and POV shipping documents
- Pets: Hawaii's rabies-free import program, with an official-source checklist
- Vehicles, utilities, mail, healthcare, schools, spouse employment, disaster preparedness
- Printable worksheets, sponsor/housing/transportation question lists, glossary and source appendix

How the dates in this guide work

The 90/60/30-day milestones are a common-sense planning sequence, not deadlines from any regulation. Some steps, especially pet preparation for Hawaii's direct-release program, can take **much longer than 90 days**, so start those the day you learn Oahu is likely.

Information was reviewed in November 2026. Programs, fees and websites change; always open the official link before acting.

Master Planning Timeline

Use this as a starting sequence and adjust it to your report date, whether you are accompanied, and whether you travel from CONUS or OCONUS.

When	Focus	Key actions (confirm each with the responsible office)
As soon as Oahu is likely	Pets & long-lead items	Read the Hawaii Animal Quarantine Branch requirements; check microchip and rabies vaccination history with your veterinarian; ask whether an FAVN test can be scheduled. Gather medical, school and vehicle records.
On receipt of orders	Orders & counseling	Read the orders in full (report date, dependents, accompanied status, authorized shipments). Schedule transportation counseling. Request a sponsor. Contact the gaining installation housing office.
~90 days out	Decisions	Decide rent vs. buy vs. on-base/privatized housing. If buying, talk with a VA-experienced lender. Decide whether to ship or sell a vehicle. Start a move binder (paper and digital).
~60 days out	Bookings	Book or request shipment dates for HHG/UB/POV as your transportation office directs. Ask finance/housing what temporary lodging documentation is required. Research schools and child care waitlists. Notify landlord or list your current home.
~30 days out	Paperwork	Assemble the hand-carry folder. Confirm pet documents are submitted to Hawaii on time. Confirm flights, lodging and airport arrival plan. Set up mail forwarding. Schedule utility transfers.
Travel week	Hand-carry	Carry orders, IDs, pet papers, medical/school records, vehicle documents, and essentials for weeks without HHG.
First 7 days	Arrival	Check in as required, sign in with housing, report lodging, start TRICARE region updates, get local phone/transport, confirm HHG/UB delivery plans.
First 30 days	Settle	Secure a lease or close on a home, handle vehicle steps, enroll children, set up utilities and insurance, build an emergency kit.

> Timeline language is planning guidance only. Your report date, entitlements and shipment windows come from your orders and the transportation office.

Orders, Dependents & Sponsorship

Read your orders line by line

- ☐ Report-no-later-than date and gaining unit / installation
- ☐ Accompanied vs. unaccompanied; command-sponsored dependents listed by name
- ☐ Authorized shipments: household goods (HHG), unaccompanied baggage (UB), POV, storage (NTS)
- ☐ Any dependent or overseas screening requirements (e.g., EFMP) your service requires
- ☐ Travel mode and dates, leave en route, and any special instructions

If something is missing or wrong (for example, a dependent not listed), ask your orders-issuing office to fix it **before** you schedule shipments or travel. Many downstream approvals key off what the orders say.

Sponsorship

Most commands assign a sponsor on request. A good sponsor can tell you how in-processing works at your specific unit, typical check-in hours, where temporary lodging is usually arranged, and what the commute looks like from common housing areas. See the sponsor questions on the worksheets page.

Entitlements to confirm (never assume)

Item	What to ask	Who answers
Temporary lodging (TLE / TLA)	Am I eligible? How many days? What receipts and forms are required? Is lodging availability a factor?	Finance office / installation housing
Housing allowance (BAH or OHA as applicable)	Which rate applies to my grade, dependency status and duty location? When does it start?	Finance; official DoD rate lookup
Cost-of-living allowances	Does my status qualify for any Hawaii COLA? Is it changing?	Finance; Defense Travel Management Office
Dislocation allowance & advances	Am I eligible? How do I request it?	Finance / admin office
HHG weight, UB, NTS	What is my weight allowance? Is NTS authorized? What is the UB limit?	Transportation office
POV shipment	Is a POV shipment authorized under my orders? Where is the vehicle processing center?	Transportation office

> Official rates and rules: DoD BAH lookup and allowance pages at https://www.travel.dod.mil/. Military OneSource moving resources: https://www.militaryonesource.mil/moving-pcs/.

Temporary Lodging & Your First Address

Many families arrive before HHG and before a permanent home is ready. Plan for a gap.

Option	Good for	Watch for
Installation lodging (e.g., Navy Gateway Inns & Suites, Army lodging, Air Force Inns on the respective installations)	Close to check-in; often accepted for temporary lodging claims	Availability varies; ask about pets and length-of-stay limits
Hotels off base	Flexibility, location near target neighborhoods	Parking fees, resort fees, distance to the gate
Furnished short-term rentals	Families with pets or needing a kitchen	Honolulu short-term rental rules require minimum stays outside permitted areas; confirm legality and documentation your finance office accepts
Staying with friends or family	Cost control	Allowance eligibility may differ; ask finance first

- ☐ Ask finance which receipts, itemization and forms are required before you book
- ☐ Confirm pet policy in writing
- ☐ Confirm parking and distance to your duty gate at your report time
- ☐ Keep every receipt in your move binder

Housing Options: On Base, Rent, or Buy

On-base / privatized family housing

Each installation's housing office manages applications and waitlists for privatized and government housing. Ask how your eligibility date is set, whether you can apply before arrival, and what documents are required (usually orders and dependent documentation). The DoD housing portal is HOMES.mil.

Renting off base

- ☐ Ask the housing office about its referral services and any rental listing tools
- ☐ Never send money for a unit you have not verified; rental scams target PCS families
- ☐ Confirm the military clause in the lease (orders-based early termination; see the Servicemembers Civil Relief Act)
- ☐ Ask about pets, parking, A/C, laundry and hurricane preparedness
- ☐ Measure the commute from the unit to your duty gate at the hours you will drive

Buying

Buying can make sense for some tours and not others. Weigh tour length, likelihood of follow-on Hawaii orders, transaction costs, the possibility of renting the home later, and how a monthly payment compares to your actual allowance. Only you and your advisors can decide; there is no automatic answer.

Rent	Buy	On-base / privatized
Flexibility; lower upfront cost; landlord handles major repairs	Possible long-term equity; control of the home; possible future rental; involves closing costs and market risk	Close to work; utilities and maintenance structure set by the housing provider; availability and waitlists vary

> Whatever you choose, confirm the exact physical address you will commute from before finalizing; Oahu drive times vary heavily by direction and time of day.

VA Loans & Financing in Hawaii

The VA home loan guaranty can be a powerful tool, but eligibility, entitlement and the funding fee depend on your service history and current VA rules. Get your Certificate of Eligibility and current numbers from VA and a lender: https://www.va.gov/housing-assistance/home-loans/.

Hawaii-specific items to raise with your lender and agent

- **Fee simple vs. leasehold.** Some Oahu properties are leasehold (you buy the building, but lease the land). Financing, value and future costs differ. Confirm the tenure of every property early and ask your lender how they treat it.
- **Condo project approval.** Condominiums often need project-level approval for VA (and for some other loan types). Check before you write an offer.
- **Maintenance fees and special assessments.** Review association budgets, reserves and any pending assessments.
- **Termite and wood-destroying insect inspections.** Common in Hawaii; ask your lender what is required and schedule inspections early.
- **Flood zones and insurance.** Check flood zone status and obtain homeowner, flood and (for condos) HO-6 insurance quotes before you are committed.
- **Remote purchases.** If you cannot visit, plan for video walkthroughs, local inspectors, remote notary/e-signing options and a power of attorney if your lender and escrow allow it.

> This is general information, not lending, legal or tax advice, and no outcome is guaranteed. Compare lenders and confirm terms in writing. Consumer resources: https://www.consumerfinance.gov/owning-a-home/.

Questions for a lender

- ☐ Do you regularly close VA loans in Hawaii?
- ☐ How do you handle leasehold and condo approvals?
- ☐ What funding fee applies to me, and am I exempt?
- ☐ What will you need from me while I am in transit?
- ☐ Can you close if I am not yet on island?

Major Oahu Installations & Commute Caveats

Oahu's installations are spread across the island, and traffic patterns are strongly directional. Choose housing by **your duty location and gate**, not by the installation name alone.

Installation	General area	Commute notes to verify
Joint Base Pearl Harbor-Hickam (JBPHH)	South shore near Honolulu airport and Pearl Harbor	Multiple gates; H-1 and Nimitz Hwy/Kamehameha Hwy congestion at peak; Ford Island access differs from Hickam side
Schofield Barracks & Wheeler Army Airfield	Central Oahu (Wahiawa)	H-2 / Kamehameha Hwy; traffic from Ewa/Kapolei and Mililani at peak
Marine Corps Base Hawaii (Kaneohe Bay)	Windward side	Crossing the Koolau range via H-3, Likelike or Pali; windward housing often shortens the drive
Camp H.M. Smith	Halawa Heights / Aiea	Steep access roads; H-1/H-3/Moanalua Fwy interchange area
Fort Shafter & Tripler Army Medical Center	Moanalua / Salt Lake area	Moanalua Fwy and H-1 near downtown; hospital shift times matter
Other sites (e.g., Pacific Missile Range is on Kauai; Barbers Point/Kalaeloa area; Wahiawa annex)	Varies	Confirm the exact work site; some units work off the main installations

Commute caveats

- Morning traffic generally flows toward Honolulu and Pearl Harbor; afternoon reverses. Drive times can double in peak periods.
- Gate hours, ID checks, visitor passes and construction change; ask your sponsor which gate you will use.
- Rain, crashes and special events can close routes with few alternatives.
- Test drive the commute at your actual report hours before you sign a lease or contract.
- Live traffic: GoAkamai; road updates: HDOT Highways.

For neighborhood-by-base comparisons, see the AlohaTony Oahu military-base commute guide. Its ranges are estimates, not promises.

Household Goods, Unaccompanied Baggage & POV

Shipping to Hawaii crosses the ocean, so plan for longer transit and a period without your HHG. Your transportation office explains what is authorized and how to book; Military OneSource and the DoD move portal it links are the official starting points: https://www.militaryonesource.mil/moving-pcs/plan-to-move/.

Shipment	Typical use	Plan ahead
Unaccompanied baggage (UB), if authorized	Essentials that arrive sooner: kitchen basics, bedding, work items, kids' items	Ask the UB weight limit; pack what bridges the gap until HHG
Household goods (HHG)	Bulk of furniture and belongings	Inventory, photos, high-value list; ask about storage at destination
Non-temporary storage (NTS), if authorized	Items you will not need on Oahu	Ask whether authorized and how long
POV, if authorized	Vehicle shipment through a designated processing center	Ask documents, lien-holder authorization, condition rules, and pickup location on Oahu
Hand-carry / PPM	Valuables, documents, medications; personally procured move if elected	Know what you may not ship (e.g., hazardous items)

Document checklist

- ☐ Orders and amendments (multiple copies)
- ☐ Shipment paperwork and inventory sheets
- ☐ Vehicle title or lien-holder authorization letter, registration, ID, keys (as POV processing requires)
- ☐ High-value inventory with photos
- ☐ Claims instructions and deadlines from the transportation office
- ☐ Contact list for movers and the transportation office

> Claims windows and documentation rules are set by the transportation office and the moving company agreement; record them when you receive them rather than relying on any general number.

Pets: Hawaii's Rabies-Free Import Rules

Hawaii is rabies-free, and all dogs and cats entering the state, regardless of age or purpose, must meet the Hawaii Department of Agriculture & Biosecurity Animal Quarantine Branch requirements (Hawaii Administrative Rules chapter 4-29). Animals that meet every requirement of the **5 Day Or Less** program may qualify for direct release after inspection at Daniel K. Inouye International Airport (Honolulu); animals that do not meet the requirements may be quarantined for up to 120 days.

Requirements highlighted on the official page (reviewed Nov 2026)

- Proof of **two rabies vaccinations** within the required timeframe and a **passing FAVN rabies antibody test**.
- Minimum **30-day** waiting period after a successful FAVN test before arriving in Hawaii.
- Minimum **30-day** waiting period after the most recent rabies vaccination before arriving.
- Documents should be received by the Animal Quarantine Station **10 days or more before arrival**; otherwise a higher fee applies and processing on arrival may not be possible.
- Applications can be submitted online through the Hawaii Pet Owner Portal (HIPOP): https://hipop.ais.hawaii.gov/.
- Animals needing a certificate of veterinary inspection must currently carry a New World Screwworm free-of-infestation statement.
- Puppies and kittens: preparation typically means they are about six months old before qualifying.
- Certain non-domestic and hybrid breeds (e.g., wolf hybrids, Bengal, Savannah) are prohibited under Plant Quarantine law, as stated on the Animal Quarantine information page.

> Microchip, health certificate timing, parasite treatment and airline rules have specific details. Read the full current checklist on the official page before booking: https://hdoa.hawaii.gov/ai/aqs/aqs-info/. Fees and rules change; the official page controls.

Pet planning checklist

- ☐ Vet appointment: review microchip, rabies history and FAVN timing
- ☐ Confirm the FAVN sample is sent to an approved laboratory
- ☐ Calculate your earliest qualifying arrival date using the official rules
- ☐ Submit the application and documents through HIPOP (or by mail) well ahead
- ☐ Confirm airline pet policy, crate rules and seasonal embargoes
- ☐ Confirm temporary lodging and rental pet policies in writing
- ☐ Have a backup plan if travel dates slip

Animal Quarantine Station contact listed on the official page: (808) 483-7151, mailing address 99-951 Halawa Valley Street, Aiea, HI 96701.

Vehicles, Driver Licenses & Registration

Vehicle registration, safety inspection and driver licensing on Oahu are handled by the City & County of Honolulu Department of Customer Services (DMV and Satellite City Halls): https://www.honolulu.gov/csd/. Rules for nonresident military members, spouses and out-of-state registrations have specific forms and time limits.

> This guide intentionally does not state registration or licensing deadlines. Confirm current deadlines, forms and military exemptions directly with Honolulu DMV before you arrive, and note them on your worksheet.

- ☐ Bring title or lien-holder information, current registration and proof of insurance
- ☐ Ask about Hawaii safety inspection requirements for vehicles arriving from out of state
- ☐ Ask about any military nonresident status forms
- ☐ Ask about appointment availability (AlohaQ) and Satellite City Hall locations
- ☐ Ask whether your installation requires base registration or decals
- ☐ Update your auto insurance to your Oahu garaging address

Utilities, Mail, Phone & Internet

Service	Where to start	Notes
Electricity	Hawaiian Electric hawaiianelectric.com	On-base/privatized housing may handle utilities differently
Water / sewer	Board of Water Supply (Honolulu) boardofwatersupply.com	Often included in condo fees; confirm in the lease or HOA budget
Internet / mobile	Compare available providers at the exact address	Confirm installation timelines
Mail forwarding	USPS Change of Address	Consider a unit mailbox or PO box during temporary lodging
Trash	Varies by housing type	Ask landlord, HOA or housing office

- ☐ Schedule shut-off at your current home
- ☐ Schedule start dates on Oahu
- ☐ Update address with DFAS/finance, banks, insurers, voter registration, subscriptions

Healthcare & TRICARE

Moving regions can affect your TRICARE plan and primary care manager. Update enrollment and DEERS information as required and confirm your options at https://www.tricare.mil/.

- ☐ Hand-carry medical, dental and immunization records
- ☐ Refill prescriptions before travel; ask about transferring them
- ☐ Identify the nearest military treatment facility or network clinic
- ☐ Ask about specialty-care referrals and EFMP coordination if applicable
- ☐ Know the nearest emergency room and urgent care for your temporary address
- ☐ Save the TRICARE nurse advice line in your phone

Schools & Child Care

Hawaii has a single statewide public school system: the Hawaii State Department of Education (hawaiipublicschools.org). Your home address generally determines the assigned public school. Installation School Liaisons help military families with transitions and the Interstate Compact on Educational Opportunity for Military Children.

Neutral criteria to compare options

- ☐ Assigned school for each address you are considering
- ☐ Enrollment documents required and deadlines
- ☐ Transportation: bus eligibility or drive time
- ☐ Programs your child needs (special education/IEP, 504, language, advanced coursework, arts, athletics)
- ☐ Before/after-school care availability
- ☐ Calendar and start dates relative to your arrival

Enrollment folder

- ☐ Birth certificate and proof of address (or orders if not yet housed)
- ☐ Immunization and health records required by Hawaii
- ☐ Most recent report cards, transcripts and withdrawal forms
- ☐ IEP/504 documents and evaluations
- ☐ Custody documents if applicable

Child care: request placement through MilitaryChildCare.com as early as your orders allow. Waitlists are common.

> This guide does not rate or rank schools. Visit, ask questions and decide by what fits your family.

Spouses, Work & Licensing

☐ Explore Military OneSource Spouse Education & Career Opportunities (SECO): MySECO

☐ Check Hawaii professional licensing requirements and any military spouse provisions with DCCA Professional & Vocational Licensing: https://cca.hawaii.gov/pvl/

☐ Ask the installation family readiness/employment office about local job fairs and resources

☐ If working remotely, confirm employer rules for Hawaii and time-zone expectations

☐ Ask a tax professional about state tax status for you and your spouse (do not assume)

Insurance & Disaster Preparedness

Tropical storms and hurricanes can threaten Hawaii, most often in summer and fall, and storms can still form late in the year. Follow the Central Pacific Hurricane Center for current advisories. Oahu residents also prepare for tsunami, flooding, wildfire and extended power outages.

- ☐ Renters or homeowner insurance in place before HHG delivery
- ☐ Ask about hurricane deductibles and flood coverage (standard policies typically exclude flood)
- ☐ For condos, understand the master policy and your HO-6 needs
- ☐ Know your tsunami evacuation zone and route
- ☐ Build an emergency kit (water, food, medications, pet supplies, cash, radio, chargers); check Hawaii Emergency Management Agency guidance for how many days of supplies to keep
- ☐ Sign up for local and installation emergency alerts
- ☐ Keep digital copies of key documents

Sources: Hawaii Emergency Management Agency https://dod.hawaii.gov/hiema/; Ready.gov; Central Pacific Hurricane Center https://www.nhc.noaa.gov/?cpac.

Arrival Checklists: First 7 & 30 Days

First 7 days

- ☐ Report and check in as your orders and unit direct
- ☐ Sign in with the housing office; ask about waitlists and referral
- ☐ Submit temporary lodging paperwork as finance directs
- ☐ Pick up pets / confirm release paperwork
- ☐ Get local transportation (rental, POV pickup, rideshare)
- ☐ Confirm UB/HHG delivery windows and destination storage
- ☐ Buy basic supplies; start your emergency kit
- ☐ Drive your commute from candidate neighborhoods at real report times

First 30 days

- ☐ Sign a lease, accept housing, or close on a home
- ☐ Schedule HHG delivery; inventory and note any damage promptly
- ☐ Start vehicle registration/inspection/licensing steps as Honolulu DMV directs
- ☐ Enroll children; request child care
- ☐ Update TRICARE/primary care and fill prescriptions
- ☐ Set up utilities, internet and mail
- ☐ Update insurance to your Oahu address
- ☐ Learn your tsunami zone and hurricane plan
- ☐ Connect with family readiness and spouse employment resources

Questions to Ask

Your sponsor

- ☐ Which gate and building will I report to, and at what time?
- ☐ How long is in-processing, and what should I bring?
- ☐ Where do families usually stay temporarily?
- ☐ Which neighborhoods make sense for this work site and schedule?
- ☐ Anything unit-specific I should know before arriving?

Housing office

- ☐ How is my eligibility/control date set? Can I apply before arrival?
- ☐ Current waitlist for my category and bedroom need?
- ☐ Pet policy, breed and number limits?
- ☐ Referral services and rental scam warnings?
- ☐ What documents do you need?

Transportation office

- ☐ What shipments are authorized (HHG, UB, NTS, POV)?
- ☐ Weight allowances and how weight is determined?
- ☐ POV drop-off location, documents and Oahu pickup site?
- ☐ Expected transit planning ranges and how I am notified?
- ☐ Claims process and time limits?

Finance office

- ☐ Which temporary lodging allowance applies, for how many days, with what proof?
- ☐ When does my housing allowance at the new rate begin?
- ☐ Am I eligible for advances or dislocation allowance?
- ☐ What receipts must I keep?

Move Budget Worksheet

Fill in your own estimates and actuals. No prices are provided because they vary by family, season and entitlement.

Category	Estimate	Actual	Reimbursable? (confirm)	Notes
Airfare / travel				
Temporary lodging				
Meals during travel				
Rental car / local transport				
Pet preparation (vet, FAVN, travel)				
Pet import fees				
Security deposit & first month rent				
Earnest money / closing costs (if buying)				
Utility deposits and setup				
Vehicle registration / inspection				
Insurance (renters/home/flood/auto)				
Furniture & essentials before HHG				
Child care deposits				
Emergency kit				
Other

Deadlines I confirmed (with source)

Item	Deadline	Confirmed with / link	Date confirmed

Glossary

Term	Meaning
PCS	Permanent Change of Station
TLE	Temporary Lodging Expense (typically CONUS-related; eligibility varies)
TLA	Temporary Lodging Allowance (overseas-related; ask finance whether it applies)
BAH / OHA	Basic Allowance for Housing / Overseas Housing Allowance; which applies depends on status and location
COLA	Cost-of-living allowance
HHG	Household goods
UB	Unaccompanied baggage
NTS	Non-temporary storage
POV	Privately owned vehicle
PPM	Personally procured move
TO / PPPO / TMO	Transportation office terms used by different services
EFMP	Exceptional Family Member Program
DEERS	Defense Enrollment Eligibility Reporting System
FAVN	Fluorescent Antibody Virus Neutralization rabies antibody test
HIPOP	Hawaii Pet Owner Portal
Fee simple	Ownership of both land and building
Leasehold	Ownership of building/improvements while leasing the land
HO-6	Condominium unit-owner insurance policy
SCRA	Servicemembers Civil Relief Act
COE	VA Certificate of Eligibility
