Neither the members of said committee nor its designated representative shall

be entitled to any compensation for services performed pursuant to this covenant. The powers and duties of such committee and of its designated representative shall cease on January 1, 2020, and thereafter the approval described in the covenant shall not be required unless prior to said date and effective thereon, a written instrument shall have been executed by the then record owners of a majority in area of the land within the boundaries of said lots and shall have been duly recorded in the Office of the Recorder of Deeds of said County, appointing a representative or representatives who shall thereafter, for the time specified in said agreement, exercise the same powers exercised by said committee.

No tree shall be permitted to remain

within such triangular area unless the foliage line is maintained at sufficient height to prevent obstruction of such sight lines at said elevations.

(p) No private driveway shall be regularly used or maintained on any of said land or within any street right-of-way unless the same is constructed and improved with a concrete surface over its entire length and width from the edge of the street pavement within the public street to the point of termination of such driveway.

In the event that any such single tract of land is included in part within some part of the lots above-described and in part within other lands, the entire such single tract of land shall be deemed to be and constitute a building site.

CLAUSE IV

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them until January 1 2020, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument in writing, executed by the then record owners of a majority in area of the land within the boundaries of said lots shall have been recorded in the Office of the Recorder of Deeds of said County, agreeing to change or revoke said covenants in whole or in part.

CLAUSE V

Enforcements shall be by proceedings at law or in equity against any person or persons violating or attempting to violate any covenant either to restrain violation or to recover damages.

CLAUSE VI

Invalidation of any one of these covenants by judgment or court order in nowise affect any of the other provisions which shall remain in full force and effect.
