

HOME MAINTENANCE CHECKLIST

Fall Edition

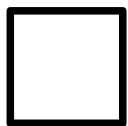

CHECK SMOKE ALARMS & CARBON MONOXIDE DETECTORS

Replace batteries.

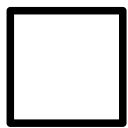

SERVICE FURNACE & CHANGE FILTERS

Changing filters can help with the efficiency of your heating system as well as improve indoor air.

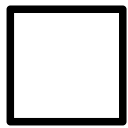

INSPECT & CLEAN DRYER VENTS

These get clogged and can be a fire hazard so inspect and clean annually.

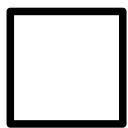

SEAL GAPS AROUND WINDOWS & DOORS

Inspect your windows and doors to identify any possible leaks. Use caulk and/or weather stripping as needed.

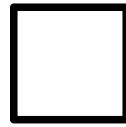

CLEAN GUTTERS & DOWNSPOUTS

Clean gutters and downspouts to prevent build up of leaves and other debris. Neglected gutters can lead to wood rot and pest infestations.

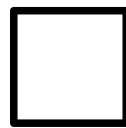

CLEAN & SERVICE SUMP PUMP

Routine maintenance ensures your sump continues to protect your house from water damage.

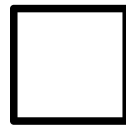

CLEAN OUT & REPAIR GUTTERS

Clean gutters help ensure you don't have issues with water.

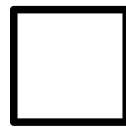

PLANT SPRING BULBS

Time to plant bulbs before first freeze to brighten up your yard in spring!

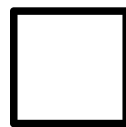

TRIM TREES & PERENNIALS

Fall is the best time to trim trees and remove debris from perennials.

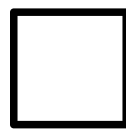

FERTILIZE LAWN

Your lawn needs nutrients to winter over.

DRAIN AND REMOVE HOSES FROM FAUCETS

Never leave hoses attached to the outdoor spigot to avoid freezing

DRAIN SPRINKLER SYSTEM

Have sprinklers professionally drained before the first freeze.
