WHAT CLIENTS ARE SAYING

“Our agent, Tucker Zimmerman, did an absolutely fabulous job in managing the sale of our condo in Frisco. Starting with arranging for high-quality professional photography to attractively present our property, he then scheduled multiple open houses. Our digital ads resulted in over 7,000 impressions, 619 clicks, and over 350 Zillow views. As a result, we had three offers in one weekend, ultimately resulting in a sale. He negotiated a price that was favorable for both us and the buyers as well as an equitable resolution of the inspection requests. He even managed the removal of the unwanted furniture. The contract closed in three weeks. Perhaps the most important aspect of our dealings with Tucker was the level of communication he maintained. He clearly conveyed our options, and we always felt that we were in charge. He made the entire process a pleasurable experience.”
