Majestic, spacious, private, and secure are words I would use to describe this Bay Ridge French chateau perched up high with expansive views of Monterey Bay, the Salinas Valley and the surrounding mountains. Expertly sited on 3.75 acres by local award-winning architect Eric Miller this gated estate boasts over 5700 square feet of living space including 5 bedrooms, 4 full and 2 half bathrooms and an additional 1168 square feet of outdoor patios including a 674 square feet grand terrace. Inside you are treated to dramatic 18' ceilings with crown molding in the living room and dining room, a soaring 2 story entry with a custom chandelier, a spacious master suite on the main level of the home and tons of natural light bathing the interior. Whether it is an intimate view of the impeccably landscaped grounds, a view of the city lights of Salinas, or the dramatic views of the valley and bay, every room has its own view. This estate is something you must see in person. It is being sold fully furnished as you see in the pictures.
