## THE FAIRWEATHER 3,715 sf

This three bedroom two-and-a-half-bathroom custom residence was designed with outdoor living and dynamic views in mind. Christopher Architecture and Interiors studied several sites at The Highlands and created this jewel for the beautiful hillside topography. The Great-Room has a dynamic cathedral ceiling, exposed beams, huge windows, and wrap around porch. The dual fireplaces (indoor/outdoor) with their adjacent living areas provide the perfect setting for entertaining a large crowd or enjoying a quiet cup of coffee while watching the sunset over Double Oak Mountain.
