THE WHITNEY 5,790 sf (With alternate basement: 7,008 sf)

This five bedroom, five-bathroom custom home was designed by Christopher Architecture and Interiors to take advantage of the natural scenography found at The Highlands. Therefore, each of the five bedrooms are positioned with these vistas in mind. An ample exterior porch is directly adjacent to the family room, and this proximity facilitates large gatherings to occupy both interior and exterior spaces. An outdoor room, complete with a fireplace & kitchen, also provides a more intimate atmosphere for smaller gatherings.
